Management: Podoprighora S. - Head
Kanunnikov V. - Deputy-Head
Vitmaer G. - Deputy-Head
Jankowskaj Ju. - Chief Accountant

Employees: permanently -10 persons, involved(attracted) - 20 persons

Previous financing:)\$117 000

Current financing: \$300 000

Requested investment: \$650 000

Use of the requested investment: Purchase of the precision equipment, certification of production and production on ISO-9000, realization of RESEARCH and DEVELOPMENT on above-stated subjects, promoting of the goods on export.

Company Description:

The company has 2,8 thousand m2 of industrial areas (22 units of metal-working machinery, design office, assembly sites), control-test beds, store-rooms of bars and materials, finished products.

Field and Directions of Activity:

Technological minings, serial production of complex - technological equipment: clearing benches of industrial oils from mechanical impurities and water, controlled-volume pumps from a MANAGEMENT INFORMATION SYSTEM, manufacturing of industrial items.

Products/Services/Technologies:

Benches of clearing of industrial oils from mechanical impurities and water, vegetable oils, pumps - metering devices from MANAGEMENT INFORMATION SYSTEM, industrial items and spares for firms AIIK, control devices of liquids.

Management Team:

Shareholders: 1. Podoprighora Serguey Pavlovich

2. Garanin Ernest Mikhailovich

3. Fedonin Valery Nikolaevich

4. Vitmaer Garold Assafovich

5. Erofeev Vitaly Petrovich

6. Fedotov Serguey Mikhailovich, private persons

Key staff: 1. Podoprighora S. - the head - has experience of managing activity on the Saratov electromodular production association - firm VPK.

2. Kanunnikov V. - deputy head on science-technological problems - has experience of managing activity on the Saratov electromodular production association - firm VPK.

3. Vitmaer G.A. - deputy head on production - experienced in realization of RESEARCH and DEVELOPMENT in the Saratov polytechnic institute.

4. Fedonin V. - designer on linear electromagnetic engines - has experience of realization of RESEARCH and DEVELOPMENT in the Saratov polytechnic institute.

5. Fedorov V. - designer - has wide experience in management of KB of the Saratov instrumental-mechanical plant - firm VPK.

6. Jankowskaj Ju. - chief accountant - more than 10 years of activity in the position of chief accountant.

Markets/Competition:

No competitors in production of benches, production is protected by more than 50 patents. No competitors in production of pumps - metering devices on the basis linear solenoid drives from

the MANAGEMENT INFORMATION SYSTEM. No competitors in monitoring instruments of liquids. The Russian market is effectively mastered, the activity on shipment sales is conducted. Achievements:

The items are protected by patents of Russian Federation, gas and oil producing companies take root on thermo power station the Russian Academy of Science of East Economic Community, Russian Academy of Science "Gazprom" the other branches - are available the orders for manufacturing and delivery.

Outlook: Creation of mass production on extension of benches 1000 pieces annually, pumps - metering devices from the MANAGEMENT INFORMATION SYSTEM ~ 1500-2000 pieces annually, creation of workstations - 250-300 persons, production volume of production \$4 000 000-\$10 000 000.
