

"SILICONE" Ltd.

Address: 630087, Novosibirsk, Nemirovich-Danchenko st., 165, office 716

Coordinates: Ph.: (383-2) 46-55-35 Fax: (383-2) 46-55-35

Management: Peterson Yuri - Director
Filippov Vitali - Deputy director
Akel Natali - Chief accountant

Employees: constantly 35 persons., attracted before 150 foreheads

Previous financing: \$ 100 000

Requested investment: \$ 500 000 - \$ 1 000 000

Use of the requested investment: a) Expansion production an mini-factories with aquisition of shop for assembly and completing the equipment;

b) construction advertising-significant mini-factories of stand type, type "Farmer", mini- factory on barge and mini-factory in containers, mobile installation on car.

Company Description:

The Enterprise successfully works since 1989. In composition of enterprise enter the controller (3 persons), laboratory-exploratory and design-design group, production (adjustment) area, group of field engineers, experimental-production mini-factory on issue of blocks.

Field and Directions of Activity:

The Construction.

a) development mass construction energy economics, ecological, capital veins for population with average and low level of incoms, with use local cheeses (sand and cement) and labor resources;

b) supply mobile mini-factories (on barges, cars and ж/d containers and others) for organization of construction modern veins in regions damaged from natural disasters, hostilities etc.;

c) development and introducing the material and technologies raising longevity of the building materials, to protect of water.

Products/Services/Technologies:

The Main product - mini-factories stand, proving-ground type and type "Farmer", capacity from 5 before 200 houses per annum, mobile mini-factories on cars, barges, ж/d containers. The Additional product - blocks from non-autoclave cellular concrete, relief-producing stencils, additions for increasing of longevity of buildings.

Management Team:

Peterson Yuri - Director, co-owner,

Filippov Vitali - Deputy director, co-owner,

Akel Natali - Chief accountant,

Peterson Valentina, Co-owner,

Peterson Elena, Co-owner.

Achievements:

The Reduction of cost of walls fence in 2 - 4 times, when increase the heat-shielding characteristics in 2 - 3 times.

The Reduction of capital investments on organization of production. Specific in 10 - 15 once, but start in 30 - 40 once, reduction energy expanses in 10 - 20 once in contrast with production of brick.

The Absolute ecological purity and longevity of got material.

Outlook: The Growing of the prices on power systems, increasing of interest to warm, ecological, time-proof and inexpensive waistcoat provides the good prospects.
